

Editorial Review for Blue Water Spa – by Neha Shah

In Short

Enter this spa's modern interior--white walls hung with orchid prints, architectural wooden shelves, dark tiled floor--and immediately feel serene. A mod, dimly lit corridor leads to five multipurpose treatment rooms. Additionally, there are two massage rooms and a wet room. Vichy showers, steam capsules, water therapy and green-tea peels are a few of the services at this full-service medical spa. Also available: Botox, laser treatments, microdermabrasion and a variety of other clinical services.
