Editorial Review for Shop 2012 – by Neha Shah

In Short

A corner boutique reminiscent of a fine women's clothier, this store focuses on attentive service; it's a trait partly due to the shop's small, intimate space. The quaint setting has one drawback: Shoppers may sense a lack of privacy while browsing through the racks. Luckily, this is quickly overlooked--one glance at the goods will have you swooning over the store's classy inventory. Staff members are gracious and treat regulars like old friends.
